

Upcoming Virtual Meeting!

Announcements

The next Bay Area CDISC Network meeting is being planned for early November. Due to COVID, meetings going forward will be done as a series of shorter 90-minute virtual meetings instead of the half-day in-person meetings we've done in the past. Part of each virtual meeting will be devoted to a timely industry or FDA topic while the other part will be a specifically CDISC-focused topic. We'll send out a notification this month asking users to respond to a survey of potential topics in which you can vote for your first, second and third choices among a list of topics, and suggest other topics you want to hear about. See the blog post below for more details!
