

Getting Started

The CDISC Wiki is a collaborative tool to share information relevant to the development and use of clinical research data standards. WIKI is built on [Confluence](#). By creating a CDISC Wiki account and logging into the system, you are accepting our [Terms of Use](#).

Volunteers

Volunteer guides, teams, and tools are available at [Volunteer Coordination](#) (Volunteer access required).

Volunteer Today

If you would like to become a volunteer, please go to our main site, create an account and/or login and complete the form at <https://www.cdisc.org/volunteer>. Our volunteer coordinator will be in contact with you via email with next instructions. **Thanks for Volunteering!**

If you are interested in therapeutic area standards, read [Introduction to Therapeutic Area Standards](#).

If you are looking for our main website, please go to <http://www.cdisc.org>.

CDISC User Networks

If you are interested in joining one of our regional User Network, check out our list of [CDISC User Networks](#). If you want to start one in your region, [Contact Us](#)

CDISC Public Review

[Sign Up](#) for WIKI/JIRA (or [login](#) if you already have an account) to get access to documents undergoing Public Review in CDISC WIKI and comment in CDISC JIRA. Instructions for providing feedback are provided on the landing page for each document. **You only need one account to access both WIKI and JIRA.** [Check out our page for additional information on the CDISC Wiki reading format](#)

Current Public Reviews:

- [ADaM Examples of Traceability](#) - Comments due: 16 July 2021
- [Therapeutic Area User Guide: Screening, Staging & Monitoring of Pre-Clinical Type 1 Diabetes](#) - Comments due: 16 July 2021

CDISC Collaborative Projects:

These are publicly accessible project pages

- [CDISC XML Stylesheet Library](#)
